

CENTER FOR DONATION & TRANSPLANT
NEW YORK – VERMONT

Donation by the Numbers

Currently, there are over 118,000 people on the UNOS waiting list for an organ transplant.

Every 10 minutes, a new name is added to the list.

22 Americans die every day due to a lack of transplantable organs.

One donor can help save or enhance the lives of up to 75 people.

Over 1,000,000 people each year benefit from some form of tissue transplantation.

In 2017, the organ donors in CDT's service area helped save 152 lives.

New York has over 5 million people enrolled in the New York State Donate Life Registry.

Vermont has over 200,000 people enrolled in the Donate Life Vermont Registry.

New York ranks 49th (or second to lowest) of all the states with 32% of residents aged 18 or older who are designated donors (enrolled in the state donor registry).

Vermont ranks 29th of all the states with 60% of residents aged 18 or older who are designated donors (enrolled in the state donor registry).
